

Final Exam Week (PE teacher) _____ Due when your final is scheduled (December 9 to 13.)

Collaboration

Collaboration in our global society is very important. We all need to learn how to get along with others and how to work together for a common goal. No one can be successful on this earth without a clear understanding of this.

This project should be worked on simultaneously with Quarter Two. Do not wait until December 3rd to get started.

For this project you need the following:

- A personal definition of collaboration.
- Four examples of collaboration at MHS and an explanation of how and why this collaboration is successful or unsuccessful.
- Identify collaboration around MHS with three pictures of things you did so far this year that proved you are a good collaborator. (Group work, process and product, nest activities, rallies, service, friendships, sports etc.) There should be a short description of why you included the picture. (Maybe the product was a disaster, but you learned through the process).
- Three peer quotes (with actual names of the peers included) who comment on your level of collaboration and give specific detail.
- A summary of your strengths as a collaborator and some areas you could improve to be a better collaborator. This summary is a two paragraph minimum.

This section of your scrapbook should be at least three pages. It is due the day of your PE final.
